## \$6.2 Million for the Forest Lake Ward

### Secured Projects for the 2021/2022 year ahead

#### Opening new playgrounds with residents

New playgrounds opening and upgrades across the ward thanks to many community consultations

### Message from Cr. Charles Strunk

The Brisbane City Council 2020/21 budget has been handed down and falls short on previous budgets for the Forest Lake Ward.

The budget has not delivered on key projects that the residents have been calling for over many years including traffic in intersections upgrades and development of new sporting fields.

If not for the commitment of volunteers who contribute their time to our clubs and community groups, we would miss out on services that enrich our lives as local residents.

That's why I am incredibly proud to see our community go from strength to strength. I take great pride in delivering community-focussed projects that are the result of hosting a multitude of consultations with local groups and the wonderful feedback from residents.

I will continue to advocate for my vision of the future of Forest Lake Ward and represent the community to the best of my abilities to ensure that we continue to see the benefits of this strong safe community that we can all enjoy.

Regards

*Charles Strunk*

Cr. Charles Strunk, Forest Lake Ward

#### Allocating funding where needed

Volunteers across the ward including from culturally and linguistically diverse backgrounds working to keep our community clean, safe and supported.

#### Advocating for real change

Proud to lead the fight to have FOGO and more recycling initiatives adopted by Brisbane City Council

See inside about all the roads that have been resurfaced
